The Muirhead Clan Society does not share mailing lists with anyone, nor do we sell Genealogical information! Any and all Genealogical information on individual lines with any database additions will be available in the Clan database and is privatized and available to all members in good standing.

Genealogical information is requested but not required and may be sent via email or by post and will be added to our growing database now over 162,508 individuals and still growing. All members in good standing shall upon request to Susan Shaw, keeper of the database be given what we have on their direct family lines from the database but not the complete database
